A message from the P&C

The Graceville State School fete is a fantastic annual celebration of our school community. With great rides, fireworks and food, it is not surprising that this big day puts a huge smile on our children's faces each year.

The success of our fete comes down a community effort. Everyone contributes! Our school leaders and the fabulous teaching staff work hard to prepare the children for their performances and demonstrations. Local businesses generously support our school with their time, products and funding. Each school family contributes in some way. In short, the spirit of the wider Graceville community is on show.

There is a special team of people however, who do a particularly wonderful job. That is the fete committee. You may see some of them today in their blue fete shirts. If you do run into one of these people, please do give them a "thank you". Their efforts make this day happen. Fete Convenor Anne Canalese and her team really have done a fantastic job for our 2018 fete.

The fete raises much-needed funds for our school to improve the environment here to help our teachers teach and our children to learn. Have a great day at the fete. Eat up, spend up, enjoy your children's activities and look forward to a great firework display at 7pm.

Chris Hansen - P&C President
