A message from the P&C

The Graceville State School Fete is a fantastic annual celebration of our school community.

The Fete raises much-needed funds for our school to improve the environment here to help our teachers teach and our children to learn.

Our school is seemingly no different to any community group, struggling to motivate a volunteer workforce. But there is a special team of people who do a particularly wonderful job - that is the Fete Committee. You may see some of them today in their blue Fete shirts. If you do run into one of these people, please do give them a "thank you". Their efforts make this day happen. Fete

Convenors Rahul and Shilpi and their team really have done a fantastic job for our 2019 Fete.

The success of our Fete comes down to a community effort on the day. Everyone contributes in some way! Our school leaders and the fabulous teaching staff work hard to prepare the children for their performances and demonstrations. Local businesses generously support our school with their time, products and funding. In short, the spirit of the wider Graceville community is on show.

Have a great day at the Fete. Eat up, spend up, enjoy your children's activities and the massive excitement and smiles on their faces.

Chris Hansen - P&C President
